

**Job ID** 303574

**Job Title** Working Student (f/m/d) Global Facility Management Procurement

**Internal Job description Location:** HBG BTC

**Mode of Employment:** Part-time / Fixed Term

### A Snapshot of Your Day

As a Working Student (f/m/d) in Global Facility Management Procurement, you will support the Head of Global Facility Management Procurement in managing a worldwide procurement portfolio. Working as part of a global team, you will gain valuable insights into strategic sourcing, supplier management, procurement transformation, and the delivery of Facility Management services across Siemens Energy locations worldwide. You will contribute to analytical, operational, and strategic activities while collaborating with international stakeholders and suppliers, helping to drive efficiency, standardization, and continuous improvement across the global FM organization.

### How You'll Make an Impact

- Supporting global Facility Management Procurement projects and strategic initiatives
- Conducting market research, supplier analyses, and benchmarking activities to support sourcing decisions
- Assisting in tender preparation, bid evaluations, and supplier assessments
- Creating and maintaining procurement dashboards, reports, and performance analyses
- Supporting the development and implementation of global procurement standards, templates, and processes
- Collaborating with international stakeholders across Procurement, Real Estate, Facility Management, and other corporate functions

### What You Bring

- Ongoing Bachelor's or Master's studies in Business Administration, Industrial Engineering, Facility Management, Real Estate Management, Supply Chain Management, or a related field
- Strong interest in strategic procurement, Facility Management, and international business operations
- Advanced MS Office skills, particularly Excel and PowerPoint
- Strong analytical mindset and structured way of working
- Ability to work independently while being an effective team player in an international environment
- Excellent communication skills and fluency in English; German is considered a plus

### About the Team

In our Business Functions we enable our organization to reach their targets by providing best-in class services and solutions in the areas of IT, HR, Finance, Real Estate, Strategy & Technology and more.

### Who is Siemens Energy?

At Siemens Energy, we are more than just an energy technology company. With ~100.000 dedicated employees in more than 90 countries, we develop the energy systems of the future, ensuring that the growing energy demand of the global community is met reliably and sustainably. The technologies created in our research departments and factories drive the energy transition and provide the base for one sixth of the world's electricity generation.

Our global team is committed to making sustainable, reliable, and affordable energy a reality by pushing the boundaries of what is possible. We uphold a 150-year legacy of innovation that encourages our search for people who will support our focus on decarbonization, new technologies, and energy transformation.

### Our Commitment to Diversity

Lucky for us, we are not all the same. Through diversity we generate power. We run on inclusion and our combined creative energy is fueled by over 130 nationalities. Siemens Energy celebrates character – no matter what ethnic background, gender, age, religion, identity, or disability. We energize society, all of society, and we do not discriminate based on our differences.

### Rewards/Benefits

- Exciting insights into an international company
- Lay the foundation for your career with us

We value equal opportunities and welcome applications from people with disabilities.
